-FEATURED PRESENTERS-

Street Drugs:  What You Need to Know
Lynn Riemer – President, ACT on Drugs
June 16, 2020  8:00am-4:00pm

Drug abuse continues to be a major problem impacting every community, especially our young people and our schools. This training will provide attendees the skills to identify substances of abuse, create a better understanding of the effects illicit drug use has on users, and provides an understanding of how drug use affects all of us. Knowing how to recognize what the drugs look like, and the indicators of someone under the influence, is only the first part of the battle. This session will cover new trends in substance abuse: Vaping, Alcohol, OTC products, Marijuana, Opiates, Cocaine and Meth.

School Law Update
Dr. Bernie James, J.D., Professor of Law at Pepperdine University (CA)
June 17, 2020  8:00am-4:00pm

Back by popular demand...This full day training, specialized and customized National School Law Update has been designed at the urging of School Administrators and School Resource Officers from across the country. By addressing such timely subjects as: School Related Legal Issues, Searching Students and Property in School, Miranda and School Interviews, Recent Changes in School Case Law, Sexual Harassment Issues, Due Process and Civil Liability, Bomb Threats and Liability, Using Drug Sniffing Dogs, and Use of Surveillance Cameras.

The Marjory Stoneman Douglas High School Shooting (Parkland, FL)
Lessons Learned
Tony Pustizzi – Chief of Police (Retired)
June 18, 2020  8:00am-12:00pm

On February 14, 2018, a former student entered Marjory Stoneman Douglas High School in Parkland Florida, killing 17 innocent people and injuring another 17. Chief Tony Pustizzi (Ret.), a 30-year veteran with the Coral Springs Police Department, along with members of his agency, arrived at the school within minutes. Pustizzi will discuss the events from that day, the many of the issues that ensued in communication and leadership, and the challenges that followed. As one of the on-scene commanders, Pustizzi will provide a unique perspective and analysis of the lessons learned that day to include dispatch and multi-jurisdictional issues (federal, state and local), active killer training and officer preparedness, coordination with family members (during and after the event), tactical considerations, media and political trap doors.

Trauma Informed Policing in the School Setting
Senior Police Officer Deb VanVelzen, Des Moines Police Department
June 18, 2020  1:00pm-4:00pm

For many youth that are victims or witnesses of crime, the school resource officer is often the first contact they will have with the justice system. In order to develop and preserve effective and meaningful relationships with young people, it is imperative that SROs and other school stakeholders be able to understand, recognize and address trauma in youth. This training will provide an overview of Adverse Childhood Experiences (ACEs), trauma and the impact it has on developing youth. Trauma-informed policing practices will be discussed with an emphasis on emotional grounding techniques, trauma-informed interviewing strategies and community-based programs that provide a defense to the negative outcomes of childhood trauma. This training benefits all school stakeholders and anyone working with youth.
LODGING INFORMATION
